Maybe even better than free.

File is free to use with no gotchas and no hidden fees. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. No account or credit card is required to get started. Our service is completely free for everyone. You don't need any special software installed to be able to download your files. filehosting provides aneasy possibility for you to send large files to your friends. So try our free and simple filehosting service now. There are no restrictions on the number of times afile can be downloaded. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. It is also allowed to link to thedownload page from websites and communities. Any file in any format can be uploaded and downloaded for free. Using file, you can circumvent those limitswithout paying to upgrade your team chat service. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you moneyin data storage fees. If only we could, we surely would! On the other hand, using file can actually save you money. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Unfortunately, wecan't make that part free. Just upload the file you want to share with your friends and we send you a download link to your file. Keep your files private, or sendyour download links only to friends or family. Simply upload your file and share the link. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You decide who you want to share your files with. You can give this download link to your friends by mail or instant messenger. The costof that data transfer is covered by your internet service or the data plan on your phone. Alternatively you can choose to share your download links on blogs,forums and social networking sites. You can upload any type of file (movies, music, documents, images, zip files and more). Files can be downloaded from any computer from our high speed servers. We have no file size limit.
