Maybe even better than free.

So try our free and simple filehosting service now. filehosting provides an easy possibility for you to send large files to your friends. Simply upload your fileand share the link. Our service is completely free for everyone. There are no restrictions on the number of times a file can be downloaded. Files transferred theold-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. If only we could, we surely would! On the otherhand, using file can actually save you money. No account or credit card is required to get started. Files can be downloaded from any computer from our highspeed servers. File is free to use with no gotchas and no hidden fees. It is also allowed to link to the download page from websites and communities. Why paystorage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. You don't need any special software installed to be able to download your files. Using file, you can circumvent those limits without paying toupgrade your team chat service. You can give this download link to your friends by mail or instant messenger. Keep your files private, or send your downloadlinks only to friends or family. The cost of that data transfer is covered by your internet service or the data plan on your phone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from ourservers to your friends device. You can upload any type of file (movies, music, documents, images, zip files and more). When you use file, you avoid storingthe file you're sending in your cloud storage or mail server. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. We haveno file size limit. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You decide who you want to shareyour files with. Any file in any format can be uploaded and downloaded for free. Unfortunately, we can't make that part free. Just upload the file you want toshare with your friends and we send you a download link to your file.
